Click on **Renew Now** and you will get to the product page for your recently expired membership type (Youth, Family or Associate) as shown above.

If you wish to change to a different membership type, simply click on the **Get Involved** menu item on the main menu, and select the membership you want and **Proceed to Checkout**. If you are already logged in, your contact and other account information will be automatically filled in.

Several payment options are available. If you pay with a credit card your membership will most likely be completed immediately. Other forms of payment need to be received before your membership will activate.

Note that you can also renew prior to your membership expiring. Just log in, then head to the **Get Involved** page and select your membership type. Once processed, a year will be added to your current expiry date.

Then you are ready to participate again and we look forward to seeing you!
